State mandated change. This mileage reimbursement is an increase of 3.5 cents per mile for trips less than 100 miles, up to 58 cents per mile from the 2018 reimbursement rate of 54.5 cents per mile for trips that are less than 100 miles. There is no change to the 33 cent per mile rate for trips using a personal vehicle which are more than 100 miles. In addition, there were no revisions in the per diem or hotel rates. They remain the same as the 2018 rates.	
Information Security Liaison Standard	<a href="https://unc.policystat.com/policy/5861376/">https://unc.policystat.com/policy/5861376/</a>
This Standard will supersede the previous Policy of the same name, aligning with the current policy document structure. The document has been shifted into a new template. Based on feedback received from ISLs and wider review, clarifications have been made throughout the document. The basic requirements are essentially the same as they have been since 2010 when the original Policy went into place.
