Rename “Policy Oversight” to “Policy Management” and minor updates to language clarifying that the Office of Ethics and Policy is responsible for the management of policies and the creation of PRC and EPAC. Also removes misleading “oversight authority” language regarding PRC and EPAC.

There is no practical effect of these revisions. The revisions clarify that the Office of Ethics and Policy is responsible for routine management of University Policy documents. Further, the revisions remove “oversight authority” language regarding PRC and EPAC that could be misleading. These revisions also reflect the actual creation of PRC and EPAC by the Office of Ethics and Policy and not specifically by the Chancellor.
